Don't You Know

that you can secure almost immediate relief from Indigestion, and that uncomfortable fullness after meals, by simply taking a dose of Simmons Liver Regulator? Some people think that because it is called Liver Regulator it has nothing to do with Indigestion and the like. It is the inaction of the Liver that causes Indigestion, and that fullness; also Constipation, and those Bilious Headaches. Millions have been made to understand this and have been cured from these troubles by Simmons Liver Regulator—a medicine unfailing and purely vegetable.

From Rev. M. B. Wharton, Baltimore, Md.
"It affords me pleasure to add my testimony to the great virtues of Simmons Liver Regulator. I have had experience with it, as occasion demanded, for many years, and regard it as the greatest medicine of the times. So good a medicine deserves universal commendation."

Major Hitchcock's Story of a Close Call.

"I was once sentenced to be blown from a gun," said Major John Hitchcock. "I had long been a resident of that land of revolutions, Central America. During one of the semiannual political upheavals I was captured by a soldier, now known as the army of San Salvador, and sentenced to death. In the camp of my captors a 6-pound gun was fired at high noon by means of a sun-glass, and to the muzzle of this antiquated smoothbore I was strapped and left in the broiling sun to await my fate. Now, I have faced several kinds of death in my day, but that knocked all the nerve out of me. I could not see the small, fiery spot made by the sun-glass, but I knew that it was creeping slowly but surely to the powder at the vent. I imagined I could hear the powder hissing with the heat. The blazing sun beat down upon my head, blinding me and seeming to boil the blood in my veins. I became hysterical and prayed and cursed by turn."

"The great clock in the cathedral was on the stroke of noon, and I knew that the concentrated rays of the sun were pouring squarely upon the powder. The troops were dozing in the shade. A few, awakened by the bell, raised up on their elbows and watched me with lazy interest, expecting every moment to see me blown to shreds. One—two—three—four—five—with maddening deliberation came the strokes of the bell, when suddenly a harsher note was heard—the roar of musketry. The camp was surprised, and my captors driven back. The cords were cut, and I sat down beneath the muzzle of the gun just as it belched forth its midday salute."—St. Louis Globe-Democrat.

An American Abroad.

Many Americans abroad are exceedingly annoyed at their lack of skill in the use of the European languages. After a vain attempt to make a Parisian waiter understand French they swear at him in English. But I have always remembered when traveling abroad the art of the physician who put all the remains of old prescriptions into one bottle—the oil and the calomel and the rhubarb and the asafetida—and when he found a patient with a "complication of diseases" he would shake up his old bottle and give him a dose. And so I have compounded a language for European travel. I generally take a little French and a little German and a little English, with a few snatches of Chinese and Choctaw, and when I find a stubborn case of waiter or landlubber that will not understand I simply shake up all the dialects and give him a dose. It is sure to strike somewhere. If you cannot make him understand, you at any rate give him a terrible scare.

I never had the anxiety of some in a strange land getting things to eat. I like everything in all the round of diet except animated cheese and odoriferous codfish; always have a good appetite; never in my life missed a meal save once, when I could not get any, and knowing that "eine gerichte reiches schicks" means a beefsteak, "eine esser" a knife, and "eine gabel" a fork, and "eine serviette" a napkin, after that feel perfectly reckless as to what I can or cannot get.—Rev. T. De Witt Talmage in Ladies' Home Journal.

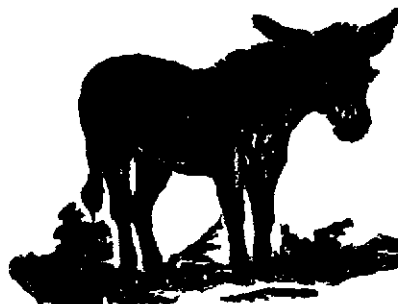

Hard Work.

How many men like hard work? Many of us are ready enough to tax our minds or our muscles to the utmost for a certain object, but it is the object we love, not the labor. If we could obtain the end we covet without exertion, which of us would toil and sweat as a matter of choice? Hence Greeley, who was one of the hardest workers of his day and generation, used to say that nine-tenths of those who profess to be enamored of work are mere hypocrites.

Adam himself was an indolent fellow. Had it been otherwise the cultivation of the soil would not have been imposed upon him as a penalty for his disobedience. He was quite taken back when told that he must live by the sweat of his face. He would have preferred the life of a gentleman of leisure, and most of his descendants take after him in that particular. Nevertheless we toil with an energy and perseverance that do honor to our—shall we say to our greed?

But mark our cunning. All the time we are inventing labor saving machinery, manufacturing dumb slaves to do our bidding, while we look on and admire their energy.—Pomona Progress.

WHY THE SILVER TICKET SHOULD BE ELECTED.

When Nevadans discovered that silver had been surreptitiously demonetized at the instigation of European bond holders and money kings in 1873, they denounced the infamy in conventions, on the stump and in the press. Democrats accused Republicans of betraying the interests of the State for the gold of London brokers, and Republicans retailed by pointing to the fact that Thurman of Ohio, Kiernan of New York and Casserly of California, all Democrats, permitted the bill to pass through the Senate without protest. The Territorial Enterprise, edited by R. M. Daggett and C. C. Goodwin, admitted the fact that the Demonetization Act was passed when both Houses of Congress were overwhelmingly Republican; that Sherman in the Senate and Hooper of Massachusetts in the House, probably the only persons in Congress who understood its purport, engineered it through Congress; that its passage was a great mistake, and pledged the Republican party to rectify it. Every convention, whether Republican or Democratic, in the States west of the Ohio pledged its nominees to repeal the obnoxious law and restore silver to the place which it occupied as a money or precious metal. In 1878 an attempt was made to redeem this pledge. Bland of Missouri, then as now Chairman of the Quinque Committee of the House, introduced and passed through that body a bill for the free coinage of silver and restoring the legal tender power of the silver dollar. The Senate amended the bill by striking out the free coinage clause. The House refused to concur; a Conference Committee was appointed by each House, Bland being Chairman of the House Committee and Allison Chairman of the Senate Committee, and a compromise was effected on the Standard Dollar or Bland-Allison bill, which passed both Houses, only to be vetoed by President Hayes. The Democratic House and Republican Senate passed the bill over the veto, and it became the law of the land. This bill authorized the monthly coinage of not less than two millions nor more than four millions of silver dollars, the Government buying the bullion at the price fixed by London brokers. Hostile administrations, controlled by the money powers, coined only the minimum amount of standard dollars. England profited by cheap silver, and as the Treasury Department paid only the London price for bullion, the miner was legally robbed of from twenty to forty cents an ounce on the product of his labor. Representatives in Congress from the silver producing States placed the success of party above the interests of State at Washington. Mr. Woodburn, when in Congress, antagonized the friends of silver in the South by his zig-zag action on alleged Southern outrages, and Mr. Bartine, while professing to be one of the champions of free coinage, voted for Reed of Maine, a pronounced gold bug, for Speaker of the House, and for the Force bill, a gold trust measure, against the friends of silver. Senators Jones and Stewart, to their credit be it said, crossed party lines, placing the interests of their constituents above the success of party, voted against the Force bill and won the admiration and respect of the friends of silver everywhere. Four years ago Mr. Harrison was elected on a platform which declared for the use of gold and silver as money. This was construed by the people of the West, especially by Republicans, to mean free coinage. The attitude of Mr. Reed's Congress, which refused to pass a free coinage bill sent by the Senate to the House, proved the contrary. Teller and Wolcott of Colorado, Plumb of Kansas, Jones and Stewart of Nevada and other friends of silver declared that the administration was opposed to free coinage, and the people, Republicans as well as Democrats, discovered that "the use of gold and silver as money" did not mean demonetization. Exasperated at the hypocrisy of the politicians, the people of the silver producing States, ignoring past party affiliations, organized for the purpose of making the silver question the issue of the campaign. Thousands of them pledged each to the other to support no man for executive or legislative office who is not pledged by platform and declaration to the free and unlimited coinage of silver. Republicans and Democrats in their State Conventions denounced the administrations of Harrison and Cleveland and instructed the delegates to the National Conventions to

vote against them. The Minneapolis and Chicago gatherings, which were controlled by Wall street, believing that as heretofore party prejudice instead of State prosperity would control the action of the voters, nominated Harrison and Cleveland. A large majority of the people repudiated the nominees, and the result is that for the first time since silver was demonetized there is a party in the field pledged to the full remonetization of silver. In this State the standard bearers of that party are the Presidential Electors, Wren, Bonfield and Powning, Senator Stewart, who has been endorsed for re-election, Francis G. Newlands, the nominee for Representative in Congress, Judge Belknap, candidate for Supreme Judge, and H. L. Fish and C. E. Mack, nominees for Regents of the University. It is conceded by all but the most prejudiced that the Electors will be chosen by a large majority, but determined and organized effort is being made to defeat Stewart and Newlands, both of whom have made themselves particularly objectionable to Wall street. Stewart in the Senate and out of it has persistently fought the gold trust, and Newlands as a public spirited, though private citizen, has devoted time, money and talent to the advocacy of the silver cause. He is known throughout the United States and Great Britain as the author of able articles on remonetization, and his defeat as well as that of Stewart would cause general rejoicing, not only in the money centers of the United States, but in Europe. Let the people of Nevada be true to their own interests in this campaign regardless of the effect it may have on the old parties. We owe nothing to Cleveland or Harrison. Both have proved themselves enemies of the great industry of the State. Free coinage is to us the paramount issue of the campaign. Compared with it all others sink into insignificance. It will double our population, give employment at remunerative wages to thousands, furnish a market for the products of the farm and enhance the value of all kinds of property. By giving the electoral vote of the State to a free coinage candidate for President, returning Stewart to the Senate and electing Newlands to the House of Representatives, we may succeed in attaining it; by defeating them we prove our insincerity and proclaim to the world that the only unequivocal free coinage candidates ever nominated in Nevada cannot be elected.

Wall street money settled the business in Georgia. A Savannah dispatch says colored Republicans for a small consideration openly voted the straight Democratic ticket. Peck, the People's party candidate, carried only eight or nine counties in the State.

The Political Union Possible.

Boston, October 6.—A new movement looking to the political union of the United States and Canada, represented by E. A. MacDonald of Toronto, who is at present on a visit to this city, received substantial endorsement at a meeting of representative Boston business men to-day. Hon. Jonathan A. Lane, President of the Boston Merchants' Association, and President Jerome Jones of the Associated Board of Trade, President L. G. Burham of the Boston Chamber of Commerce and other prominent men were present. MacDonald outlined the plan of campaign, stating that a political union was not only possible, but inevitable, and the people of Canada were ripe for the great change. A public meeting will be held in Boston in a few weeks to further discuss the matter.

Type Founders Combine.

New York, October 6.—After several failures the type foundry formed a combination to be known as the Type Founders' Co., with a capital stock of \$9,000,000. Robert Allison of Cincinnati is President, G. H. Jordan of New York, Eastern Manager, and John Warder of Chicago, Western Manager. The type foundry think the profits can easily be increased a million dollars a year. A. D. Farmer & Son and George Bruce, Son & Co. of this city still refuse to join. Barnhardt Brothers and Spindler of Chicago declined to join, but said they were willing to help out.

It Must Have Been Hot.

Petaluma, Cal., October 6.—On the ranch of A. Gonzales, Marin county, last Tuesday during the hottest part of that day, while a heavy load of baled straw was being hauled from the field to the barn, an iron tire, stretched over the wheel frame work to protect it from the load rubbed against the former so as to set the fire on fire, and the driver had the greatest trouble to cut his horses out before they were consumed with the entire load, wagon and all.

Democrats Ask for Aid.

New York, October 6.—The Democratic National Committee issued an address this evening asking for means "not only to spread truth among the people," but to prosecute and punish the crimes against the ballot box." It says that all the anxiety about the State of New York is allayed.

Rain in Carson.

Carson, October 6.—This afternoon a thunder shower set in, and by night it was raining heavily and the barometer falling. Rain is good this season of the year and the farmers will be satisfied if it keeps up.

The Palace Hotel, which is well and favorably known to every old Nevadan, is being conducted as usual by that veteran landlord, Al White, who spares neither pains nor purse to provide for the comfort and convenience of guests.

John Sunderland has a fine stock of French and English goods and is turning out some finely finished suits to order. His tailors are first-class workmen.

TELEGRAPHIC NEWS!

Matters of Interest From Home and Abroad.

Smuggled \$110,000 Worth of Paintings.

New York, October 6.—The woman accused of smuggling paintings valued at \$110,000 is said by customs house authorities to be the divorced wife of William Campbell, the millionaire wall paper manufacturer. She is now the wife of an Italian named Di Caccia of Naples. Mrs. Campbell called at the customs house to-day very angry, and said she desired to prefer charges against Inspector Trautner. The latter, she said, concocted the charge of smuggling against her in order that he might take possession of the paintings which belonged to her. His motive, she charged, was revenge, because she did not reciprocate his passion for her. Deputy Collector Phelps took her papers, but did not give her much satisfaction. Nearly three months ago the customs house officers began to watch Mrs. Campbell. About that time she entered a great many paintings as household goods and personal effects. She took the usual oath at the time, that she used the goods abroad for a year and they were not intended for sale. The officials learned that the woman has not been across the ocean for two years. They learned that she stored paintings away in storage houses and auction rooms in this city and had had a catalogue printed and sent around. There were originally 100 paintings but the other 24 have disappeared, and the inference is that the woman managed to dispose of them.

The woman interested is well known. A few years ago she met a man who had been her husband, in Central Park, and in the presence of a thousand persons went at him with a horsewhip. She also used the horsewhip on other occasions.

Lord Tennyson is Dead.

London, October 6.—The poet Tennyson died at 1:35 o'clock this morning. Since yesterday afternoon it was evident to his physicians that the end was only a question of a few hours. The dying poet laureate gradually lost strength, failing and growing feebler little by little, but painlessly, and finally the end came peacefully as the soul passed into the realms beyond. Death came to him as he would have wished it. There was no artificial light in the room. Only the mellow rays of Autumn lit up the chamber in which the dying man lay, and fell across his bed, bathing him in pure pellucid light and forming a rembrandtesque background of the scene. All was silent save the gentle sighing of the wind through the trees around the mansion—a fitting requiem for the poet who sang of love and beautiful nature. So quietly did his soul depart that the members of the family were not aware of the fact until it was announced by the attendant physician. Once or twice during the night he lifted his eyes to the faces of the watchers and a peaceful smile played on his features.

Lost \$80,000 and Then Commits Suicide.

PHILADELPHIA, October 6.—Wm. Runk of the extensive dry goods firm of Darlington, Runk & Co., committed suicide this morning.

It was discovered that during the absence of Darlington, Runk speculated with the firm's money in stocks and lost \$80,000. The discovery of the fact led to the suicide. He carried a life insurance of over half a million dollars.

Runk was prominent in the Sunday School Association of the Diocese of Pennsylvania, being one of the original members and a member of a number of other Sunday school organizations.

Will Preserve Peace.

WASHINGTON, October 6.—The Secretary of the Interior has received a letter from Agent Bennett of the Union Agency in Indian Territory relative to the condition of affairs in Choctaw nation, which indicates that there will likely be bloodshed there unless prompt action is taken to provide United States troops in sufficient force to suppress any riot that may arise. Secretary Noble has asked the Secretary of War to immediately send a sufficient force to preserve peace.

Later Day Saints.

SALT LAKE, October 6.—The sixty-second semi-annual conference of the Church of Jesus Christ or latter Day Saints, opened this morning in the tabernacle. President Woodruff opened the conference. Nothing was said of particular interest to the outside world. Apostle A. B. Cannon urged the payment of a tithe and said there is a spirit of criticism abroad finding fault with the apostles and bishops that must cease.

The Charleston Touched Bottom.

SAN DIEGO, October 6.—As the cruiser Charleston was returning from target practice to-day she ran close to a ballast point and touched bottom. She was there but a few moments and steamed off without difficulty. Divers were sent down but there was no evidence of her having been injured.

The Charleston and Baltimore will sail in the morning for Redondo.

Nancy Hanks Exhibited.

LOUISVILLE, Ky., October 6.—Twelve thousand people saw Nancy Hanks go a mile in 2:06 at the fair grounds of New Albany, Indiana, this afternoon. The track was in excellent condition. The first quarter was in 32 3/5, half in 1:03, three-quarters in 1:30 2/5 and the mile in 2:06.

Battle Graham Acquitted.

SAN FRANCISCO, October 6.—The jury in the case of Battle Graham, charged with complicity in the death of Mary Carroll, returned a verdict of acquittal after five minutes deliberation this morning, and she was at once released.

Dyspepsia

Makes the lives of many people miserable, and often leads to self-destruction. Distress after eating, sour stomach, sick headache, heartburn, loss of appetite, a faint, "all gone" feeling, bad taste, coated tongue, and irregularity of the bowels, are some of the more common symptoms. Dyspepsia does not get well of itself. It requires careful, persistent attention, and a remedy like Hood's Sarsaparilla, which acts gently, yet surely and efficiently. It tones the stomach and other organs, regulates the digestion, creates a good appetite, and by thus overcoming the local symptoms removes the systemic effects of the disease, banishes the headache, and refreshes the tired mind. "I have been troubled with dyspepsia. I had but little appetite, and what I did eat distressed me, or did me little good. In an hour after eating I would experience a faintness, or tired, all-gone feeling, as though I had not eaten anything. My trouble, I think, was aggravated by my business, which is that of a painter, and from being more or less shut up in a room with fresh paint. Last spring I took Hood's Sarsaparilla—took three bottles. It did me an immense amount of good. It gave me an appetite, and my food relished and satisfied the craving I had previously experienced." GEORGE A. FAGG, Watertown, Mass.

The Democratic County Central Committee Wednesday night nominated H. A. Waldo for District Attorney.

Mr. and Mrs. J. L. Wines left yesterday for Butte City, Montana, to visit their son who is practicing law there.

D. A. Bender arrived last evening's V. & T. He accompanied his daughter Cherrie thus far on her way to San Francisco.

Frank Germain, ex-County Treasurer of Humboldt, has removed to Reno with his family with the intention of remaining here.

The case of Boardman vs. Marker was decided in the District Court yesterday. The suit was brought for \$7,250 and the jury found a verdict for \$1,000.

Lord Tennyson, the English poet died yesterday in London. He was born in 1809. In 1850 after the death of Wordsworth he was appointed poet laureate.

Mrs. Jameson of Verdi and her sister, Mrs. Dinmore, of New York City, a teacher of vocal and instrumental music, spent yesterday at the State University.

J. A. Yerington of Hawthorne came in on the V. & T. last evening. He took the west-bound train for San Francisco. Jim says he is making the trip for his health.

The Democratic Central Committee of Elko county nominated George Russell, E. P. Hardesty and W. W. Bueber for Assemblymen, and they are for Weaver and the Silver ticket.

Dr. Bradshaw, a nephew of Rev. T. P. Bradshaw is spending a few days in Reno. He is an ardent Weaver man and says the People's party will carry Nebraska by a handsome majority.

A. W. Holmes, a native of Nova Scotia, was admitted to citizenship in the District Court yesterday. Mr. Holmes is an intelligent, industrious mechanic and thoroughly Americanized.

A heavy shower of rain fell yesterday. In town the streets were well sprinkled. It came down heavy until about 9 o'clock when it stopped and the clouds broke and the prospects bid fair for a fine day.

The "straight-out, true blue" Republicans are jubilant over the success of the Cleveland Democrats in Georgia. They think more of the negro for voting for a Wall Street candidate than if they had voted the People's ticket.

The Straddler misrepresents the political situation in Elko county. The Silver party convention, Democratic convention and Republican convention in that county endorsed the Silver party electors, Stewart for United States Senator and Newlands for Representative.

The JOURNAL learns that the report published in the San Francisco papers that Major J. W. Powell, late of the Geological Survey is to be next President of the University emanated from enemies of Senator Stewart. There is no probability whatever of a change being made at the University.

A lawyer calls the attention of the JOURNAL to the fact that the Presidential electors are omitted in the proclamation issued by the Commissioners. He also calls attention to the fact that the Commissioners appoint the clerks as well as inspectors of election. Section 17 of the new law supercedes Section 7 of the Act relating to elections. The clerks are to be appointed at the same time and in the same manner as inspectors and judges.

A year ago last Spring E. W. Taylor planted a Pocklington grape vine on his place in Marsh's Addition south of the river. This year the vine bore several bunches of grapes, which, though not so large in size as some of the California variety, excel in flavor anything in the grape line brought to this market from the golden State. Mr. Taylor believes that the Pocklington grape is well adapted to this climate and will produce prolifically. It is excellent for table use and as Mr. Taylor believes in prohibition that is the only one he thinks there should be for the fruit of the vine.

Interest in the Fair Increases—The Reno Boys Eat Crow.

SIEERRVILLE, October 4, 1922.

Ed. JOURNAL—Your reporter was awakened this morning by the gentle voices of Kopp and Carter. At the early hour of 7 the same old song was sung: Going right out! Room for one more!

At a few minutes after 10 the ladies entered the track for the tournament, and the riders consisted of the following named: Miss Lovetta McLeod, Miss Katie McElroy, Miss Ida Strance, Miss Josie Humphrey, Mrs. Chas. Jones, Mrs. Nettie Jones.

The ladies deserve great credit for the manner in which they rode and handled their horses. The above named will ride again Thursday morning when the Judges will award the prizes.

The program consisted of the following races in the afternoon:

FIRST RACE.

Trot for the 2:35 class, three in five. Anteo Jr., Maxwell and Engineer. Maxwell sold favorite in the pools against Anteo Jr. and Engineer in the field.

Engineer won the first heat in 2:32. Maxwell second and Anteo Jr. shut out. The second third and fourth heat were won by Maxwell. Time 2:32, 2:37, 2:35.

In the second race a trot for four-year-olds the entries were Daisy K, Quincy, Fred Mac.

Fred Mac sold favorite in the pools and won the race in straight heats. Time 2:49 and 2:52.

The third race was a 3/4 of a mile dash. The entries were Bay Billy, Red Rock, Tornado, Norman, Mountain Meadow Botter and Nelson.

Nelson sold favorite, Red Rock second choice and the balance in the field. Red Rock won, Nelson second. Time .37.

The fourth race was a mile dash. The entries were Ottawa, Joe D and Charger.

Ottawa sold favorite against the field. Charger was an easy winner. Time 1:49.

The dust, wind and rain made it a little unpleasant for awhile. Outside of that everything passed off nicely. Last night the Reno boys ate chicken, but to night they say they are not hungry. They played Nelson a little too heavy.

RACELETS.

On Thursday night there is to be a prize fight.

Wednesday evening the young ladies of Sierra County are going to give a musical concert.

Friday evening there is to be a grand ball.

Mr. Wm. Murray is driving a four-in-hand to the track daily and says that he will not be satisfied until he drives the chariot race which comes off Saturday.

Fly Remington and J. McMartin are selling pools on the prize fight which comes off Thursday night, and Fly says that if there is not more money in it than there is in playing the races, he will play a rich rancher for his daughter, and from the number of Sierra County young ladies that he mingles with in the grand stand, it looks as though he had commenced already.

Ask Dan O'Keefe and Lem Allen who ate the fish. R. L. JONES.

OF INTEREST TO TAXPAYERS.

The State Board of Assessors Make a Twenty-Five Per Cent Mistake.

The State Board of Assessors and Equalization addressed the following dated Carson City, October 6, 1922, to O. H. Perry, Clerk of the Board of County Commissioners of the county of Washoe:

"Sir: Please take notice and inform the Board of Commissioners of the county of Washoe that the State Board of Assessors and Equalization, having examined the assessments and assessment roll for the year 1922 for said county, proposes to increase the entire assessment roll of said year 25 per cent for the purpose of making the assessments conform to the full cash value, in money, of the property contained on said roll, so as to equalize the value of the taxable property of the several counties in the State for the purposes of taxation and in accordance with the Statutes.

"The Board will consider all objections which may be made to such increase at its office in the Capital at Carson City on Saturday, the 15th day of October, 1922, between the hours of 10 A. M. and 4 P. M.

"Respectfully yours,
"E. D. VANDEBEEK,
"Secretary State Board of Assessors and Equalization."

The State Board of Assessors evidently has very little faith in the integrity of the County Assessor when it proposes to increase by 25 per cent the valuation made by him on property which, presumably, he knows more about than the State Board. The People's party candidates for the Legislature are pledged by platform to repeal this law, and the people should see that they have an opportunity to redeem the pledge by electing them.

COLUMBIAN DAY.

Arrangements Being Made to Celebrate It.

The County Superintendent, Trustees and teachers of Storey county have just got arrangements under way for a monster celebration of Columbian Day, October 21st. School children and militia companies are to turn out on parade. Songs and recitations will be rendered and orations delivered.

That is right. Let our State ring for education and liberty on that day, and let the voice of the politician be hushed.

Reno leads in this celebration. The exercises are already largely prepared. Committees have been working for two weeks or more, and our citizens may feel assured of a worthy celebration. Let it be remembered that the public schools lead in the Columbian celebration every where throughout the Union and let us all give them a helping hand.

The Fall term of the Reno gymnasium will begin this evening. This is one of the favorite resorts of Reno for our young men, giving them an opportunity to indulge in varied muscular exercises and strengthen body and mind.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

Royal Baking Powder

ABSOLUTELY PURE

ELKO ANTI-HARRISON REPUBLICANS.

They Recommend Voters to Support Weaver.

As has heretofore been stated in the JOURNAL and is generally known there are two factions of the Republican party in Nevada this year. One of these factions is generally designated as Harrison or anti-Silver Republicans and the other as Weaver or Silver Republicans. In the western counties of the State the Harrison or anti-Silver men—the "straight-out, true blues," as they call themselves—control the party organizations, dominate in conventions and have driven all the genuine silver men into the Silver party. In the eastern part of the State, where a Republican organization is maintained in a county, the silver men control it and repudiate Harrison and endorse Stewart for the Senate and the nominees of the Silver party for State officers. In Elko county the Republicans met in convention last Tuesday and resolved:

"That we, as Republicans of the State of Nevada, will cast our votes for these Presidential Electors of this State whom we know to be unreservedly in favor of the free and unlimited coinage of silver at the ratio of 16 to 1. And we therefore recommend the voters of this county to cast their ballots for the Silver electoral ticket, nominated at Reno June 24th, 1922."

The convention also most vigorously "denounced Harrison's" unvaried attitude of hostility to the silver cause and therefore to the interests and welfare of Nevada and of all laboring men throughout the United States." It endorsed the energetic work of our Senators in behalf of free coinage, appreciated the necessity of having an able, aggressive and independent advocate of silver in the Senate and therefore endorsed W. M. Stewart as a candidate for the Senate. It also endorsed Francis G. Newlands as a candidate for Representative in Congress from this State.

The convention made no nominations for members of the Legislature, thereby virtually endorsing the nominees of the Silver party for Assemblymen.

J. W. Hall was nominated for Sheriff, Ed. Bilkey for County Clerk, William Mitchell for Treasurer. Recorder and District Attorney were passed and E. Woodruff and Charles Adams were nominated for Commissioners.

WORK TOGETHER FOR SILVER.

What an Emerald Silver Man Advises.

The following from Candelaria appears in the Silver State:

Ed. SILVER STATE:—Don't let this people buy anything from California. Nevada farmers have made "the desert blossom like the rose," and can raise better produce for a less price than anybody. Besides our farmers are all good, permanent citizens and silver men. Let us keep our money (where our charity should begin) at home. Humboldt wheat makes California Pioneer flour, Nevada grapes make an Irishman laugh, and as for deep-chested boys and pretty girls, all the world look at 'em and wishes. Let us boycott California until she joins the silver column, and if she don't, keep on boycotting her. We can get along without a single article from her, and would not know there was such a State in the Union if it was not for San Francisco drummers, who come over here and talk us nearly to death in search of trade.

Let the miners buy their food supplies from their own people. Let all of us stick together in the silver fight. Let us all stand in for State rights, our State rights; and these hungry devils who come from the goldbug State for trade will do anything to get money to live on in the great, hungry golden State. We have a better climate, better mines, prettier women, faster horses, and when it comes to men we can raise an army corps that will face a "frowning world." With these advantages we ought to be prosperous, and but from the fact that in our generosity we have given away everything but our manhood and honor we would be. Since we are being pushed to the wall, let us assert our rights. Let us be united. Let us fence the State with buckshot and be free.

Yours,

C. G. FOGG.

Baggage Smashing

Should be a crime. It nettles the best natured man to see his baggage handled. It scours the sweetest temperament and sends a chill down his back every time. For such a sensation punish the baggage smasher and take Simmons Liver Regulator. It will soothe the agitated feelings, keep down the bile and make you vigorous enough to stand up for your rights.

For Over Fifty Years

Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children's teething. If disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth, send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for children teething. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures Diarrhoea, regulates the stomach, and cures Wind Colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is a lesson to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States. Price twenty-five cents a bottle. Sold by all druggists throughout the world. Be sure and ask for "Mrs. Winslow's Soothing Syrup."

Benton's Liniment.

Which has been used in Nevada for over 25 years, is a panacea for man and beast. It operates like magic. It is an efficient remedy and for rheumatism it is king of the world. No horseman and no family should be without a bottle of the medicine. It is for sale by all druggists. sep23f

The surveying party, consisting of Messrs. Warner, Moran, Watts and Campbell, sent out by the N.C.O. last Spring on the line of the proposed extension of the road, has returned. The party went to Lakeview, Oreg.

Still Growing.

A glance at the map of Powning's Addition shows that with but very few exceptions all of the most eligible lots have been sold. Along the entire river front, or Riverside Avenue, there are only three corners left, while on Second street there are but four that are not sold. People wonder how it happens, but Reno keeps on growing just the same, and those who are still hunting bargains should buy a lot in Powning's Addition while lots are yet reasonable.

Removed.
